SCHOOL TRAVEL PARTNER BRIEF

A specialist education partner in Piemonte

Tailored outdoor education and field science, delivered locally for school groups travelling with your organisation.

The programme

Environmental science and ecology, field investigation, storytelling, environmental art, nature awareness, teamwork and practical challenge. More than 20 years of programme experience.

The evidence

EcoWise Italy publicly documented its tenth annual five-day science and field sampling trip with Beau Soleil College in October 2026, including data collection for DP biology and environmental studies projects.

The fit

Typical classes of 20-30, groups of approximately 15-80 considered. Five days/four nights recommended for international schools; shorter and multi-week options. Year-round delivery, subject to calendar and programme confirmation.

PARTNERSHIP CONVERSATION

Build the right trip together

EcoWise Italy can contribute

Programme design and educational delivery, site selection, local knowledge, and coordination of accommodation and food bookings. Local transport coordination can be discussed.

Your operator role

Where agreed and within your own permissions, arrange and contract the travel/package, manage the school booking relationship and supplier payments, and provide the school with the applicable protection and travel information.

Agree before offering the programme

Learning outcomes and ages; group capacity and staffing; season and sites; net programme quote; accommodation/food model; responsibilities; insurance and risk documentation; cancellation terms; and who communicates with the school.

Commercial conversation

Adam is open to discussing a referral or supplier partnership. Rates, commissions, payment triggers and responsibilities are agreed directly before any offer is made. No commission percentage or exclusivity is pre-agreed.

Clear boundaries

EcoWise Italy holds public liability insurance and can supply evidence privately during due diligence. It does not provide travel insurance or hold an ATOL licence. The partner must confirm the scope of any package it offers.

Discuss a programme partnership

Share your school-travel portfolio, the programmes you want to develop and the best person for Adam to speak with. He replies personally within 24 hours.
